

SSE™ 10M System White

INNOVATION. AMPLIFIED.™

OVERVIEW

The SSE™ 10M is a new low-profile monitor enclosure featuring high power ratings with custom components, a sleek look and a unique, snap-in metal grille. The SSE™ 10M is a full-range, two-way system featuring the highly acclaimed Peavey 14XT titanium compression driver with the diverse Sound Guard IV tweeter protection network and a maximum-performance 10" woofer for a smooth response. The SSE™ 10M is rated at 400 Watts program and 800 Watts peak. This lightweight speaker system may be placed on stage at angles of either 30° or 45° and is ideal for smaller venues where stage space is at a premium. Connections are made using a four-pin Neutrik® Speakon® or a paralleled two-position terminal block for additional cabinets. The SSE™ 10M is available in black and off-white finishes.
