

PV® 115 2-Way Speaker

OVERVIEW

The PV 115 is a two-way speaker system based on a 15" heavy duty woofer and an RX14™ titanium diaphragm dynamic compression driver mounted on a 60° x 40° coverage constant-directivity horn. The lightweight-yet-rugged, carpet-covered trapezoidal enclosure with stand-mount cup facilitates portable use for live music or speech sound reinforcement, as well as music playback. A full-length, black powder-coated steel grille provides driver protection and a professional appearance.
