

SSE™ 10 White Speaker System

OVERVIEW

The SSE enclosure series features high power ratings with custom components, a sleek look and a unique, snap-in metal grille. The SSE 10 is a two-way system featuring the highly acclaimed Peavey 14T™ titanium compression driver with the diverse Sound Guard™ IV tweeter protection network and a maximum performance 10" woofer for a smooth response. The SSE 10 is rated at 400 Watts program and 800 Watts peak. This lightweight speaker system is ideal for smaller venues where space is at a premium. Connections are made using a four-pin Twist-Lock or paralleled two-position terminal block for additional cabinets. The SSE 10 incorporates flying points on the top of the unit and mounting points on the bottom for utilizing the Peavey VersaMount™ 70 mounting bracket.
