

SSE™ 12 White Speaker System

OVERVIEW

The SSE enclosure series features high power ratings with custom components, a sleek look and a unique, snap-in metal grille. The SSE 12 is a two-way system featuring the highly acclaimed Peavey 14T™ titanium compression driver with the diverse Sound Guard™ IV tweeter protection network and Peavey 12" woofer with 2.5" (64 mm) voice coil for smooth response. The SSE 12 is rated at 500 Watts program and 1,000 Watts peak. This lightweight speaker system is ideal for smaller venues where space is at a premium. Connections are made using a four-pin twist lock connector or a paralleled two-position terminal block for additional cabinets. The SSE 12 incorporates flying points on the top of the unit and mounting points on the bottom for utilizing the Peavey VersaMount™ 70 mounting bracket.
