Dimensions:

25" W x 23⁷/₈" H x 11³/₈" D

Net Weight:

46 lbs.

DESCRIPTION

Offered as a companion enclosure for the CLASSIC® 50 Power Pak, the CLASSIC® 410E enclosure is an open-back unit with four 10" heavy duty loudspeakers that are specially voiced to create that "blast from the past" sound that many musicians are looking for. Using the stereo/mono selector switch, the enclosure can be configured as a mono 16 ohm unit for use with a mono head like the CLASSIC 50 Power Pak, or converted to a stereo 8 ohm

enclosure for use with stereo heads and rack systems. This enclosure can also be used with Peavey's current CLASSIC® 50-410 or CLASSIC® 50-212 single units as matching extension cabinets. The CLASSIC 410E enclosure is capable of handling 400 watts RMS of continuous power and 800 watts RMS of program power.

While primarily designed as a guitar enclosure, the CLASSIC 410E also

makes an excellent choice for the top-end of a biamped bass rig. This gives the bass more "guitar-type" high harmonics resulting in a more balanced tone with a lot of punch.

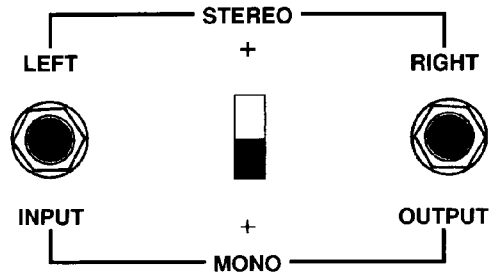

Classic 410E

A PRODUCT OF PEAVEY ELECTRONICS CORP.
MERIDIAN, MS MADE IN U.S.A.

STEREO: 8 OHMS/CHANNEL

MONO: 16 OHMS

WARNING: DO NOT PLACE SWITCH IN MONO POSITION WHILE THE CABINET IS HOOKED UP IN A STEREO CONFIGURATION. THIS MAY RESULT IN DAMAGE TO THE AMPLIFIER.

ONE YEAR LIMITED WARRANTY —
