Description:
The Classic 212 is the ideal companion to the Classic 30 Head. This vintage-style cabinet is constructed of plywood and has a removable back to expand its tonal range. When enclosed, the cabinet has a tighter sound, while the open-back configuration allows the cone to push harder for a looser, more vintage sound. Driven by the Classic 30 Head or any other quality amp, the Classic 212 delivers the performance you've come to expect from Peavey, and styling that's as innovative as its tone.
