Roadie Proof

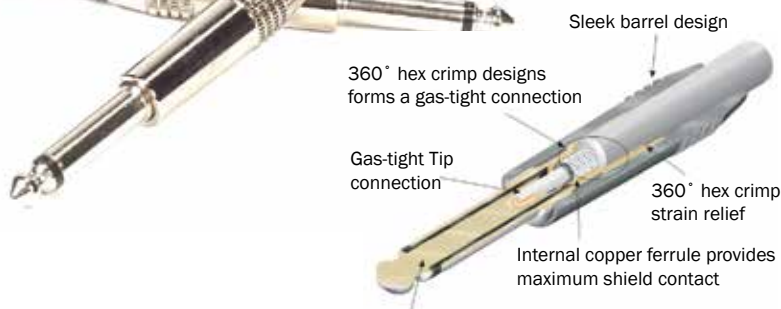

**XCON® Cables**

Your roadie isn't the problem. Normal wear and tear can trash ordinary cables. But who wants "ordinary" when you can have Peavey XCON instrument cables for about the same price? The XCON's 360-degree HEX-crimp design secures the cable and conductor so completely it forms a gas-tight connection, virtually eliminating oxidation. It also provides the maximum shield contact possible with its internal copper ferrule. The XCON even comes with a limited lifetime warranty, but you'll probably never use it. Even if this guy is your roadie.

# XCON® Cables - a Peavey Exclusive!

- XCON® connector by Neutrik® 360° hex-crimp design secures the cable and conductor so completely it forms a gas-tight connection
- Internal copper ferrule provides maximum shield contact
- Sleek barrel design
- Flexible high quality cable in black matte finish
- Available in 1' through 6' patch cable lengths and 10', 15', 20' and 25' instrument cable models. Right angle to straight instrument cables, featuring the XCON® connector are also available.
- Made in the U.S.A.

## LIMITED LIFETIME CABLE WARRANTY

Peavey Electronics Corporation warrants this cable to the original retail purchaser to be free from defects in material or workmanship. This warranty is without time limit. In case of defects in material or workmanship, Peavey Electronics Corporation agrees, at its option, to repair or replace a defective Peavey cable without charge. In order to obtain performance under this warranty, you must return the cable, postage prepaid, to Peavey Electronics Corporation, International Service Center, Highway 80 East, Meridian, MS 39301. You should also enclose proof of purchase and return postage. If the defect is remedial under this warranty, Peavey will repair or replace the cable, at its option, and will return it to you. No responsibility is assumed for incidental or consequential damages, nor for damage to cable due to accident or unreasonable use, neglect, alteration, or other causes not arising out of defects in material or workmanship. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which may vary from state to state. Warranty is void if cable was not purchased from an authorized Peavey dealer.
